

## THE FLOOD AND THE RAINBOW

Bible 3  
Genesis 6-8

People did very bad things.  
God was sad and mad.  
One man loved God.

His name was Noah.  
Noah loved God.  
God said, "Make a large boat."  
God told Noah how to make the boat.  
Noah followed God's directions.

God said, "Go into the boat. Take your family."  
Noah had a wife, three sons and three daughter-in-laws.  
God said, "Take pairs of all the animals."  
A pair is one male and one female.  
Noah put his family and the animals in the boat.

It began to rain.  
It rained for forty days and nights.  
The rain covered the earth.  
It was a flood.  
Noah, his family and the animals were safe.  
Water covered the earth for one hundred fifty days.

The water started to go down.  
Noah sent a bird.  
The bird came back with a leaf.  
Noah waited.  
The water went down.  
The land dried.  
God said, "Leave the ark. Take the animals with you."  
Noah, his family, and the animals left the ark.

Noah said, "Thank you, God."  
God said, "The summer and winter, day and night will not stop."  
God made a rainbow.  
The rainbow is a promise.  
God will not flood the earth again.
