"My teenage daughter who has recently been struggling with her faith and told our family she's not sure she believes in God anymore attended. On the way home, she said, "Mom, I can hear God again.. today He reminded me how much He really loves me!"

- **ON (April 12, 2025):** 200 women were registered, representing 52 churches. 35 users accessed 6 different languages using translation services. A mission exhibit highlighted our partnerships with Send Relief and IMB. Handwritten prayer cards were sent to missionaries and Send Relief Clients. CNBC Women from Quebec drove to Toronto to be a part of the event.

"I've been to a lot of women's conferences and they all do a good job of feeding us the Word. But this one didn't just feed us the Word, it emphasized... "Now go do something about it!"

IGNITE 2025: Launched May 15, 2025. CP contributing churches are invited to apply for grants to host evangelistic outreach events for women.
